***Detailed Action***

1. The examiner acknowledges the applicant's amendment filed November 29, 2010. At this point claims 1, 2, 4-7, 9-12, 14, 15, 17-20, 22-25, 27-59 are pending in the instant application and ready for examination by the examiner.

***In the Title:***

2. The title has been changed to: Determining a meaning of a knowledge item using document based information.

***Allowable Subject Matter***

3. The following is an Examiner's statement of reason for allowance: Claims 1, 14, 27, 32, 42, 47, 58 and 59 are considered allowable since when reading the claims in light of the specification, as per the MPEP §2111.01 or *Toro Co. v. White Consolidated Industries Inc.*, 199 F.3d 1295, 1301, 53 USPQ2d 1065, 1069 (Fed. Cir. 1999), none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims specifically...determining one or more document term meanings of the document based information, the determining comprises, for each document in the document based information, selecting one or more meanings for terms in the document from meanings associated with the terms in a

computer readable data collection that associates at least one meaning with each of the terms, and then determining one or more document term meanings of the document from the one or more meanings for the terms in the document of claim 1.

In regards to claim 14, '...determining one or more document term meanings of the document based information, the determining comprises, for each document in the document based information, selecting one or more meanings for terms in the document from meanings associated with the terms in a computer readable data collection that associates at least one meaning with each of the terms, and then determining one or more document term meanings of the document from the one or more meanings for terms in the document.'

In regards to claim 27, '...determining, in a computer system comprising one or more servers, one or more document term meanings of the document based information, the determining comprising, for one or more documents in the document based information, selecting one or more meanings for terms in the document from meanings associated with the terms in a computer readable data collection that associates at least one meaning with each term, and then determining one or more document term meanings of the document from the one or more meanings for terms in the document.'

In regards to claim 32, '...determining one or more document term meaning of the document based information, the determining comprises, for each document in the document in the document based information, selecting one or more meanings for terms in the document from meanings associated with the terms in a computer readable

data collection that associated at least one meaning with each of the terms, and then determining one or more document term meanings of the document from the one or more meanings for the terms in the document.'

In regards to claims 42 and 47, '...determining one or more document term meanings of the document based information, the determining comprising, for more or more documents in the document based information, selecting one or more meanings for terms in the document from meanings associated with the terms in a computer readable data collection that includes terms and associates at least one meaning with each term, and then determining one or more document term meanings of the document from the one or more meanings for terms in the document.'

In regards to claims 58 and 59, '...obtaining one or more document term meanings, wherein each of the document term meanings is a meaning determined from one or more meanings of one or ore terms in one of the one or more documents.'

Because claims 2, 4-7, 9-12, 15, 17-20, 22-25, 28-31, 33-41, 43-46, 48-57 depend directly or indirectly from claims 1, 14, 27, 32, 42, 47, 58 and 59, these claims are considered allowable for at least the same reasons noted above with respect to claims 1, 14, 27, 32, 42, 47, 58 and 59.

Art Unit: 2129

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter Coughlan whose telephone number is (571) 272-5990, Monday through Friday from 7:15 a.m. to 3:45 p.m. or contact the Supervisor Mr. Donald Sparks at (571) 272-4201.
